

CONTROLLING THE FUTURE OF LIGHTING

App Control

Key Features

- » Live system view showing which scenes are currently active.
- » Simple hold to edit scene and channel functions.
- » Save popular scenes to Favourites for faster navigation.
- » Easy to navigate User Interface.

The eDIN+ App is the easiest way to control your lighting and gives you simple scene selection and adjustment from your Apple® or Android™ device.

Works with the eDIN+ Lighting Control System and requires NPU Firmware 2.0+ with Module Firmware to operate.

Please contact the Mode Lighting Technical team for further guidance.
